PETITION FOR CORRECTED FILING RECEIPT UNDER 37 CFR §1.181

Dear Sir:

This petition seeks to correct the Replacement Filing Receipt mailed April 9, 2002, which issued for the above-noted application on . The filing receipt recites the title as being "Communication control device and method therefor, communication device, communication system and method therefor, and providing medoa[sic] therefor ". The title of the application as filed should read --Apparatus and Method for Communication Control, Communication Apparatus, System and Method for Communication, and Medium for Providing the Same-- as given on all of the application papers submitted to the U.S.P.T.O..

Enclosed for correction is a copy of the Filing Receipt indicating the correction to be made, together with a copy of the Declaration as submitted with the application. In view of the foregoing remarks and supporting documentation, correction of the Filing Receipt is requested. The Commissioner is authorized to charge any additional fee or credit any deficiency to Deposit Account No. 19-3140. A duplicate copy of this submission is enclosed for that purpose.

Respectfully submitted,

David R. Metzger (Reg. No. 32,919)

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
